At the Methodist parsonage yesterday a reception was given in honor of Mrs. Jones whose husband arrived here recently to assist Rev. Wadman in his Korean work.

Passengers per S. S. Ventura can have their baggage checked at their residence or hotel by the Union Express Co., baggage agents O. S. S. Co. Office 63 Queen street Phone Main 86.

Captain William H. Roberts, commander of the U. S. Revenue Cutter Daniel Manning, has received orders detaching him from duty on the vessel. Accompanied by his wife he will depart for San Francisco next week.

The command of the cutter will be turned over to W. W. Joyner, the executive officer. Captain Roberts will retire in October, on account of having reached the age limit of service. He is a veteran of the civil war.

Another Portuguese meeting was held last night, to discuss the Robinson letter. There were twelve leaders present, and they had a long discussion

over what should be done. Some of those present were in favor of dropping the whole proposition, but a majority wanted to pass some resolutions, or address an open letter to the Judge, and it was decided to do one or the other. A meeting will therefore be held this evening at the Orpheum, for the purpose of "resolving."

COL. FRENCH WILL REMAIN OVER

Col. George French of the Salvation Army who arrived from the Far East yesterday on the Hong Kong Maru is to stop over in Honolulu until the Siberia sails on September 4. The local officers of the army wish his advice on many matters pertaining to the work here.

While here Colonel French will visit all of the islands going to Maui and Hawaii first and then to Kauai. He will look into all of the work that is being done by the army.

One of the new branches of the work is among the Porto Ricans at Makaweli. This is a new departure for the Army and Adjutant Bambury believes that advice from Col. French will be of great assistance to him in the work.

Col. French will pay special attention to the work among the Japanese which is said to be going ahead very favorably. At Hilo there is at present a Japanese officer named Suyooka who is going good work.

The work among the Koreans is going ahead very well although this work was only started six or eight months ago. The local branch of the army recently lost one of their best Korean workers when he sailed from Honolulu to San Francisco.

Harbor Dredging Finished

The harbor dredging and the filling in of some of Quarantine Island were completed yesterday at noon. The dredger Pacific is now idle awaiting further orders. The vessel is to go on the marine railway within a few days for an overhauling.

It is possible that she may be directed to proceed to the coast. It is also possible that orders may be received, directing her to go to Kahului to assist Hawaiian Dredging Company in the improvement of Kahului harbor. In event of the Pacific going to that place she will be towed over. The orders will come from San Francisco.

THE KOHALA DITCH BOND ISSUE

The Kohala Ditch Company made its issue of 1st mortgage 6 per cent. gold bonds this morning, giving to the Honolulu public an allotment of \$150,000 of the \$500,000 covered by the Trust Deed.

It is announced by the prospectus that \$350,000 has been subscribed for abroad, and is held very strongly as permanent investment by said subscribers composed of wealthy San Francisco and local capitalists.

Street report says that the decision of the company and syndicate to issue the bonds at 98, and allowing participation in the syndicate profits, commends itself to the brokers and small investors very strongly, and a good premium ultimately on the bonds is looked for. It is intended to secure an official quotation on the Honolulu, and San Francisco Stock Exchanges for these bonds, and have them regularly dealt in.

The revenue of the ditch promises a surplus of \$115,000 per annum after paying interest on bonds and all expenses, when the ditch delivers its maximum water and out of this surplus the prospectus states that a sinking fund will be provided sufficient to retire all the bonds at maturity, meantime the company has the right to retire the bonds out of their surplus, at premiums of 10 per cent and 5 per cent.

Full prospectuses, giving all details of the issue, can be procured from the Henry Waterhouse Trust Co. to whom applications for bonds can be addressed.

The abridged prospectus is printed in our columns today.

ONE SUMMER.

The time to think of a change of a vacation spent at Haleiwa will do a scene is before the breakdown occurs. World of good to the man or woman who has spent an active season in society or business. The bracing air at this famous resort will build them up as well nothing else; medicines are out of date to the guests at Haleiwa. The attractions at this place are numerous. Golf links and tennis court, a commodious bathing pool for those who cannot stand a sea bath, and the ocean within a stone's throw of the house. The broad verandahs are inviting to the man who enjoys a snooze in the open. Manager Biddgood will be pleased to quote rates to you at any time.

Up to 2:30 o'clock this afternoon the S. S. Ventura has not been sighted from the Colonies. She was then about 10 hours late.

Changes

To accommodate the several new lines we have taken on and to make room for the large stock of goods that we have just bought from the Pacific Hardware Co., we are obliged to make a number of changes. This means a lot of moving about of stock, carpenter work, painting and varnishing. It also means dirt, noise and confusion for a short time, and we are unable to care for our customers as promptly and as well as we would like to. All possible haste will be made and in a short time we will have everything in place, and, with a large well arranged stock, with every convenience to handle and deliver same promptly, we will do our best to satisfy all our customers.

E. O. HALL & SON, Ltd.

A CHALLENGE.

We challenge all other Meat Markets in this City for superiority in quality of

BEEF AND VEAL.

Our stock is properly selected for us from herds of cattle aggregating over 15,000 head, depasturing on rich grasses in the ranching districts of the Island of Hawaii; they are delivered in weekly lots, which are dressed by ourselves at OUR OWN SLAUGHTER HOUSE at Kalihi according to the most sanitary and improved methods, and directly under the daily inspection of the Meat Inspector for the Board of Health.

Our "Hereford" Calves for veal are "beauts" on the hoof, almost too pretty to kill, but they produce the best of veal and our suppliers do not hesitate in giving us "THE LIMIT."

WE HAVE EVERYTHING ELSE IN THE MEAT LINE. PROMPT DELIVERIES AND SATISFACTORY PRICES. COME AND EXAMINE OUR STOCK AND BE SERVED PROPERLY.
